ABOUT THE PROGRAM

Why it Works For Employees

100% Online—With 24/7 availability of online courses, employees can complete their diplomas around their work schedules.

Transfer Credits—Students can transfer in previously earned courses in order to maximize their time and corporate resources.

Career-Focused Curriculum—Career programs build skills for employees to succeed and grow within your organization.

Individualized Support—Highly experienced academic coaches and certified instructors provide academic and moral support.

Relevant, Competency-Based Learning—Our “flipped” curricular model means employees start in the career courses first, moving onto the core courses once they’ve established momentum and experienced some “wins.”

Why it Works for Our Partners

Our hands-on partnership team collaborates with you to ensure the program exceeds the expectations of your employees—and your leadership teams.

- Ongoing tracking and reporting of results
- Coaching staff, online instructors provided
- Affordable, customized solutions
- Ongoing training and operations support
- Communications and marketing collateral
- Surveys of partners and employees to measure outcomes/satisfaction
