

ACCREDITED ONLINE HIGH SCHOOL PROGRAMS

Designed for Adults and Older Youth

As the world's first accredited online school district, Smart Horizons Career Online Education is a premier provider of workforce-based online education, opening up secondary school completion and career opportunities for the millions of Americans who lack a high school diploma. By blending a career certificate into the curriculum, our innovative programs provide students a direct pathway into the workforce and/or further education.

PARTNERSHIP CHANNELS

We serve students through partnerships with:

- Corporations
- Workforce Boards
- Non-Profits
- School Districts
- Public Libraries
- Career and Community Colleges
- Correctional Facilities

“The education world is changing very rapidly and with SHCOE we are looking at the future of education.”

— Dr. David Hurst, Senior Vice President Global Evaluation Services, Cognia/SACS/NCA/NWAC

PARTNERS INCLUDE:

MISSION To re-engage people in the educational system as a pathway to career advancement and postsecondary education and training.

ABOUT THE PROGRAM

Why it Works for Our Students

100% Online—With 24/7 availability of online courses, students can complete their diplomas on their schedule.

Transfer Credits—Students can transfer in credit from previously completed courses or the GED® in order to maximize their time and your resources.

Career-Focused Curriculum—Career programs build real-world skills and knowledge that can be applied in the workplace.

Individualized Support—Highly experienced academic coaches and certified instructors provide academic and moral support.

Relevant, Competency-Based Learning—Our “flipped” curricular model means students start in the career courses first, moving onto the core courses once they’ve established momentum and experienced some “wins.”

Why it Works for Our Partners

Our hands-on partnership team collaborates with you to ensure the program exceeds your expectations.

- Ongoing tracking and reporting of results
- Coaching staff, online instructors provided
- Affordable, customized solutions
- Ongoing training and operations support
- Communications and marketing collateral
- Surveys of partners and students to measure outcomes/satisfaction
